Manufacturing

Promptus Electronic Hardware has been manufacturing Handles and Electronic Hardware for over 40 years. A strong knowledge of our products, our customers and their market needs has helped Promptus become the prominent domestic manufacturer of handles.

Competitive Pricing

We know our customers demand quality products at the lowest price possible. Our state-of-the-art custom handle equipment allows us to meet this demand for quality products and offer them at the very best prices in the industry.

Quality Products

At Promptus Electronic Hardware we understand that for over 40 years our business is based on Quality and Quality Control. Your products will be checked by our Quality Assurance Department at every step of manufacturing. We protect your reputation along with ours by adhering to our strict quality standards.

Fast Delivery

At Promptus Electronic Hardware we believe fast and on-time delivery is what sets us apart from the competition. We supply over 1 million standard and custom parts and ensure they get to you fast and on time as promised. When you get your parts on time, it allows you to start your projects quickly and meet your customer deadline. So stop worrying about your components and start designing and engineering the best products you can.
